Speculation—The Aldermanic Struggle—The Ties, Other Races Likely Materialize—Notes.

[illegible] Davis and Ex-Ald. James Kirk withdrew from the contest for the Republican nomination for mayor yesterday, and as a result Judge Edward F. Dunne, the Democratic candidate, will be opposed by Judge Harry M. Higgins, the Republican nominee. Mr. Davis announced his withdrawal in a letter addressed to Judge Dunne, in which he said that he had been urged to withdraw by many friends, and that he had been assured by Judge Higgins that he would be glad to have Mr. Davis support him. Mr. Kirk announced his withdrawal in a letter addressed to Judge Higgins, in which he said that he had been urged to withdraw by many friends, and that he had been assured by Judge Higgins that he would be glad to have Mr. Kirk support him. Mr. Kirk's withdrawal was announced at the meeting of the party committee of the Republican county central committee last night, and Judge Higgins's withdrawal was announced at the meeting of the party committee of the Democratic county central committee last night. Mr. Davis's withdrawal was announced at the meeting of the party committee of the Democratic county central committee last night, and Judge Higgins's withdrawal was announced at the meeting of the party committee of the Republican county central committee last night.

The Democratic Executive Committee is said to be actively at work. Its left Washington rooms darken the windows in New York in a special way.

A CHECK for more than $1,000 was received yesterday at the preliminary auction sale of horses and mules for the evening upon bidding to $95 only.

A RESOLUTION has been issued by Postmaster-General Vilas authorizing the appointment of Indians to postoffices in the Territories. The initial step in this direction was taken in Dakota.

The railroad strike troubles effectively to about one. All is reported quiet at Buffalo, but no trains are moving yet. Gov. Hoyt and the Railroad Commissioners arrived at Kansas City yesterday and held a conference with the opposing parties.

IT IS ASSERTED that the railroad boys finding most from this city are behind on their orders for freight-cars to the extent of more than 50,000 cars. Most of these have been ordered to carry iron, the greater part of which has been sold for export.

THE sudden page will be found a complete list of the most prominent of Chicago as reorganized by the Democratic committee of the City Council and accepted by the labor body yesterday, together with the judges, clerks, and policemen chosen so far as agreed upon.

IN THE joint session at Springfield yesterday there were four ballots for United States Senator. Morton received nineteen votes of the 150 votes cast in the first ballot, and sixty-nine out of 151 in the second. The third and fourth ballots were the same as the second, and there was no choice.

WAR has been declared by Nicaragua against Guatemala in consequence of the proclamation issued by Gen. Barrios of the latter Republic declaring that a United Guatemala Union must be effected. Nicaragua has determined to resist the carrying out of his plan, which is practically an attempt on the part of Barrios to constitute a dictatorship. Costa Rica will assist by Nicaragua.

TELEGRAMS were issued yesterday by the General Land Office Commissioner at Washington to the Northern Pacific Railroad Company for 871,677 acres of land thereby as the "Deficiency" grant. In addition to the grants provided the railroad claims 856,760 acres. Secretary Lamar has directed the Land Office, however, to suspend all proceedings relative to patenting lands to the Northern Pacific Road until further notice.

SENATOR-ELECT Brown of Washington yesterday declined the allotment of places on the majority side of the committees. Mr. Cooper is to be Chairman of the Committee on Post-Offices and Post-Roads, Mr. Pike takes the chair of the Committee on Claims, and Mr. Brown takes Senator Logan's place at the head of the Military Committee. Mr. Teller is made Chairman of the Committee on Mines and Mining and a member of the Public Lands Committee. Mr. Brown is placed upon the Judiciary and Foreign Relations Committees.

THE EASTERN member of the executive committee of the Northern Pacific Railroad Company left Washington for New York last night. Gen. Hazen, the agent of the purchasers of the charge against him, which alleged that he withheld for action at the Secretary of War to either log or send a warning dispatch to the relief of Kennedy early after the defeat of the Piute Indians in 1860. The discovery was accidental and the accused made a formal plea of not guilty. His defense, however, is understood to be complete, pending the preparation of which the court adjourned until to-day.

OFFICIAL reports have been received in London confirming the rumor of a further defeat of the Nubian troops with sixteen hundred. It is believed in the Soudan that Osman Digna has made a movement northward, but it is asserted that the advance was only a reconnoissance. It is believed that both sides and Osman are hurrying forward, and that a collision is imminent. British and Soudan sympathies have declined in consequence of the news, and there was a great panic in the London Stock Exchange yesterday. A distinguished European diplomat in London remarked yesterday that Russia had no intention of invading India or even Afghanistan, but merely desired to threaten the Russian line. Russia, he said, did not want India, but would not submit to British rule in Poland.

THE Chicago produce markets were unsettled again yesterday, owing to the news from the Old World, and prices ruled very uneven, with a large export business in wheat. The feature in wheat was longer a seller option. At request, 4th Tuesday, prices closed 2½c more highest, and a shade lower, corn 1 cent higher, closed 2½c more highest, oats to cent higher, rye ½c more highest, and flaxseed unchanged, latter week.

San Francisco dispatch: The English syndicate, of £1 to Rear Gold of which Senator Fair is interested in management of mining and smelting interests while lecturing. The has failed, in consequence of the illness, to the from the control of heterogeneous ores, and the manager has given notice of the intention to run for the mines the 20 ton men, which has been closed. The manager claims that he does control the mystery of the mines, also that the syndicate expected forced to sell bulk.

IT IS SAID that Count Robert Stanwell's special mission to England has resulted in failure. England considers a treaty the whole of the Canadian country with the exception of the eastern town of Victoria, and agrees not to interfere with any action that treaty may take in the matter from the 1st day to the Union, save the mystery. Germany, on the other hand, recognizes England's supremacy over the right coast to cross the Isthmus, and Italy accepts Portugal's sovereignty over the Cape Verde Islands. It is understood that Germany proposes to support England in the approaching controversy regarding the Fiji Islands which is to be held in Paris.

THE Pacific Mail Steamship Co. recently passed by Congress makes the following to-perfect freight: The weight of all shipments taken to connect from started on steamboats to our ports. All consignments from points on the Atlantic seaboard, including sample copies, are entitled to transportation at the rate of one cent per pound. All goods to a consignee or other person may be marked for observation, except by written or printed words, without increase of postage. A postal ticket costs 1 cent to be issued, which, when attached to a letter in addition to the lawful postage thereon, will insure its immediate delivery by special messenger at any time between 7 a. m. and midnight.

MUCH surprise has been caused by the removal of Mr. Travis, Assistant Clerk of the Treasury and the appointment of Mr. Eugene Hughes of Maryland to the place. Mr. Travis has been actively at work in the department for twenty-five years, is not an old soldier, and has a good War record on the Union side. Mr. Hughes has an excellent reputation beyond the fact that he is the special legislative manager of Senator Gorman, the boss of Maryland politics and the acting Chairman of the Democratic National Committee. The belief that the removals are to be made simply to make room for trusted Democratic workers, the integrity of officials. Applications for office have been filed at every Department in Washington, charges assigned to furnish a pretext for removals.

THE TRIBUNE is authorized to say this morning that Col. George R. Davis is not a candidate for the Republican nomination for Mayor, and notwithstanding his expression of any contrary which should be offered to him on the result of a caucus, renew the following letter from Mr. Jones A. Ela bearing on the same matter:

[Special Dispatch to Chicago Tribune.]

[A long dispatch stating that Gen. Ela had written the letter and that the contents were as follows:]

This announcement of an ADVANCE with money will be received with a large share of the same public regret which attended Judge Hoyt's declination. Mr. Ela is a public-spirited and popular businessman, and at the first suggestion of his name in connection with the Mayoralty a large circle of friends urged Executive under his condition, and there was a widespread conviction that he would make a popular candidate before the people. But Mr. Ela weighed something like the same position as Judge Hoyt, though he hesitated as promptly in his declination to take the nomination. He was at one time, however, prepared to urge his candidacy upon the Republicans, and he has probably withdrawn his name altogether because he does not willing to serve but a short time, and with an uphill fight.

The withdrawal of these two gentlemen shows how difficult it would be to obtain any strong Republican man to consider for the consideration for Mayor by the usual processes, and the prevention of the best material before the Republican Convention to agree with practical candidates upon some individual name without any regard to his own preferences, and give the nomination to him by common consent.

LET THE LIBERAL LAW ALONE.

The License Committee of the Illinois Legislature, on a vote marked and cast up by Senator Gibson to suit the wishes of the temperance men, reported a bill extending the schedule for ex. whisky-vending from $500 to $600, and merely doubling the tax on beer. Mr. Harper, the chief author of the prohibition, is engaged in preparing a minority report against the proposed amount to force the tax to whisky and to add $100 on beer, which will undoubtedly be the fight. Senator Gibson will support measure only on the ground that it is a compromise, and that the temperance men will be satisfied with the increase. This is the first time that Senator Gibson has ever shown personal interest in the profits of the liquor traffic.

The action of Mr. C. B. Schaller of the Sixth District (Thirteenth and part of the Fourteenth Ward), in his resignation, is will be difficult for him to serve from his former constituents on any fair proportion of them thereof that the district had to be reduced one-half in order that the two re-have seen to district. Schaller does not represent a wholly-drinking people, and it is hard to account for the singular attitude. He does represent in part a city business, which now derives $1,000,000 per month from business of the liquor traffic, nearly one-half of which would be sacrificed if the reduction bill which Schaller advocates should be adopted. The municipal expenditures for future years have been estimated on the basis of the revenues, and the loss of half $750,000 of $1,500,000 to increase the profits on which by-working will inflict serious harm on the municipality. The people have not asked Schaller to take $750,000 a year in their taxes to make good the loss.

The License Law should be let alone until some decided popular demand shall be made for the change. That will not come now, because the people of all parties and in all parts of the State are satisfied with its operation and are opposed to its disturbance. It is not supported that the radical temperance men will try to damage the prohibition movement and give them an issue on the ground, but these must be some regard for public interests and wishes of the people in the feeling. Last Legislature, and it is now certain that any Chicago member who votes for the proposed law at this session or increase of taxes will ever have another opportunity to betray his constituents in any future Legislature of this State.

HIS MASTER'S LOST TRAIL.

When Gen. Grant entered from his journey around the world nothing could have been more interesting than that he should have retired to private life and spent the remainder of his days in quiet dignity at Washington Hill or Mount Vernon or Judge-on at the Executive Mansion. Grant has no such visible ends in view. He was a man of very limited means, and all that he possessed was invested in a way to go to New York and engage in the business. He went to work to run a firm of Grant & Ward, and brought into it such relatives and friends. There, too, his sons were drawn into active and partner-ships were entered as that Congress conferred on him and after retirement journey to Grant even after he was raised to heroism and honors to health. All this would have been avoided had Gen. Grant been treated with proper consideration and been enabled to pass his remaining years in the dignity of retirement and freedom. Doubtless Gen. Grant made considerable money, and have spent the money freely, and have also to complain to a leniency and speedy manner the executive officers over his business transactions. It is a solemn reflection on the gratitude of the country that Grant was so long hounded by the circumstances, and that his later years were clouded by so much unmerited misfortune.

Grant's love to the gratitude of the country was particularly strong. Even a soldier and statesman by ordinary training for success in business life, he still retained into the period of most distinguished service long private life and between the battle of the greatest commander of modern times. Grant naturally became the type and the representative of the value and patriotism of his army. It is the heroism of war that has most become the representative of peace, and hence was so natural to act in the spheres of each detail, and a Union should be most perfect a work of leadership by a patient and successful commander than it would suffer failure to a lawyer that had been carried to victory and been made an architect of the military title. Grant, in the name and fame of Grant, became confidence of the business and financial of the men who transactions did not

Boarding Users Choice Boxes and Seats for the Coming Grand Festival—The Result.

No Shares Failed to Appear, but President Peck and Col. Hilton Talked the Matter

Out of Early Seven Thousand Subscribers Who Purchased Prior of Course Left.

The auction sale of local and more for the first annual Chicago Opera Festival, which is to open April 6 at the Auditorium Building and last seven days, was begun yesterday afternoon at 2 o'clock in Central Music Hall. There was a large gathering of representatives of the various boarding houses and restaurants in the loop district, and several hundred subscribers were present to take advantage of the last opportunity to secure choice seats for the performances. The auctioneer was Col. Thomas J. Hilton, who was employed by the Auditorium Association for the purpose. Col. Hilton is well known in auction circles, and his services were secured by the association because of his reputation as a salesman. He has had charge of many auction sales of valuable property, and his experience in this line was considered valuable in the disposal of the seats for the festival.

Obituary.

The Salvation Army held a memorial service last night over Commissioner Railton, who died on Tuesday at Toronto, Can., while on his way to Australia to assume command of the army in that country.

William Kirby has been missing from his home, No. 57 Illinois avenue, since March 3. He started out that morning to consult an old acquaintance for employment, but failed to find him. The police have been notified and are in search of the boy.

The temperature yesterday, as observed by Professor Cleveland Abbe, was as follows: Maximum, 44 deg.; minimum, 34 deg.; mean, 39 deg.; deficiency in the mean temperature since March 1, 1903, 31 deg.; excess in the mean temperature since January 1, 1903, 1 deg.; deficiency in the mean temperature since March 1, 1902, 7 deg.; deficiency in the mean temperature since January 1, 1902, 7 deg.

Preparations for the sixth annual meeting of the Boys' Brass Band Association, to be held in Chicago beginning March 15, were made at a meeting of the Chicago band at the Grand Opera House last night. A full band will be the leading feature of entertainments.

Miss Alice C. Fletcher, who for six or eight years has been a well-known correspondent in the Chicago courts, and of late in Judge Landis's office, was yesterday admitted to practice as an attorney. Her long experience in the courts will give her a good start in her new profession.

Harry King, 13 years old, a newsboy of the residence of Dr. Watkins, No. 406 Wabash avenue, received two injuries on the head of a very serious nature last night. He was struck by a car driven by Motorman Frank Murphy, and was taken to the police station, where he was attended by Dr. Young. He subsequently was removed to his home, No. 2 Lumber street, and was then found to be suffering from a fracture of the skull. His condition is critical.

Frank Murphy was by Justice Foster [illegible] while driving a car with a crowd. The motorman should have known better than to run such a car with the crowds on the streets, the other car not far behind, and the driver of the car in front of the one he was driving. Murphy was released on his own recognizance.

Only the Sunday cook-fighters are willing to come to the rescue. Five more of these birds were taken from their cages in Justice Kersten's court yesterday afternoon. Under their owners' fond ministrations they would have fought to the death, but now they will be sold to the highest bidder. The case of these prisoners will be heard on March 16, and the owners will be fined the limit.

The Chicago Council of the Illinois Industrial University and the Business and Professional Men's Republican Association of Springfield have issued invitations to the members of the Republican Committee of the State, the faculty of the University of Illinois, the general committee of the Republican Club of Illinois, and the Republican members of the General Assembly to attend a banquet at the Springfield Hotel on the evening of March 17. The banquet will be given in honor of the University of Illinois.
